

# MEN'S SIZE CHARTS

## NOTE

Not all sizes are available in all styles. Please check the individual styles for more information on sizes available. In the Men's Shorts, the sizes ST, MT and LT are not applicable. Simply choose the relevant normal size i.e. replace L for LT.

As with all size charts these measurements are provided as a guide only. When your measurements are close to a borderline or you wish to wear your Tights for recovery purposes, it is recommended that you choose a smaller fit.

## MEN'S COMPRESSION SOCKS

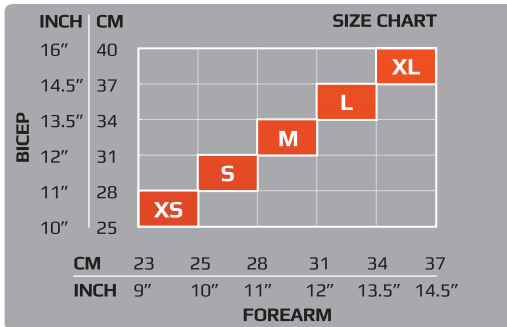

NOTE: When considering your appropriate size for compression socks please size as per your calf girth. Sizes shown are offered as a recommendation should you not know your calf girth or require additional information.

## WOMEN'S COMPRESSION SOCKS

## ARM SLEEVES

NOTE: Measurements for the arm sleeves should be taken in a relaxed state at the largest girth of the bicep and the forearm. If your measurements of two different points for a garment do not correlate for one particular size, first try the size recommended by your forearm measurement.

## COMPRESSION LEGGINGS / QUAD SLEEVES

NOTE: The measurements for the compression leggings are to be taken at the mid point of the quad and at the largest girth of the calf muscle. If your measurements of two points for a garment do not correlate for one particular size, first try the size recommended by your calf measurement.

## CALF GUARD / CALF SLEEVES

NOTE: When considering your appropriate size for compression socks please size as per your calf girth. Show sizes are given to help you gain an idea of your size should you not know your calf girth or if you need additional information.
